All dates held at **Mt. Pisgah Arboretum**: 34901 Frank Parrish Rd. Eugene. Meet at the Education Building. Follow 30th Avenue east, over the I5 freeway. Follow the brown and white signs to the park.

Topic Descriptions

Trees & Teachable Moments Training:

We will go over what a typical trip day involves, some tips and techniques of working with kids outdoors, and the common trees of Mount Pisgah Arboretum.

Dates (choose one of two options)

Wednesday, September 11th / Thursday, September 12th 9:30AM - 11:30AM

Changing Seasons Training:

Why do some plants lose their leaves while others stay through the winter? What happens to leaves after they fall to the ground? We will focus on how to explain key seasonal changes to students from a seed's life cycle to decomposition.

Dates (choose one of two options)

Tuesday, September 17th / Wednesday, September 18th 9:30AM - 11:30AM

Preparing for Winter Training:

What do our local plants and animals do to prepare for colder months ahead? We will delve into adaptations and survival techniques of common species.

Dates (choose one of two options)

Friday, September 20th / Tuesday, September 26th 9:30AM - 11:30AM

Possible Make-up Session Training:

If you missed a training or would like to attend a refresher please join the make-up session.

Wednesday, September 25th / 9:30AM - 11:30AM
