

Arboretum Memorial Benches

The Arboretum is a special place for many people, and our memorial bench program is designed to provide comfort, connection, and peace for those that have lost a loved one, while also providing crucial support for the Arboretum.

The Arboretum has limited sites for memorial benches available, and all sites are pre-determined. We will be happy to you the designated available sites. Potential bench locations have been chosen based on habitat protection, the integrity of the natural area, and visitor needs for rest stops.

The Arboretum has a standard bench design with some customization options, and benches are constructed out of natural wood sourced from onsite whenever possible.

Benches include a 4" X 7" plaque to recognize the honoree, with name, phrase, and any design elements desired.

The outline of an oak leaf on the back of this memorial bench is an example of a customization we can include.

Required donation: \$15,000

Bench term length: 15 years (may be renewed for multiple terms).

At least $\frac{1}{3}$ of the bench donation will be added to the Arboretum endowment, creating a lasting legacy. The remainder will support Arboretum habitat and education programs and bench maintenance.

Please contact Leisha Wood to schedule a time to view potential bench sites,
development@mountpisgaharboretum.org or 541-747-3817.
