## Suggested Loops

Mount Pisgah Arboretum has over seven miles of trails for you to explore. Consider one of these loops:

1. **Improved Access Loop** (on map). Loop through riparian, wetlands, and oak savanna habitats. Wide trails with minimal cross slope and regular resting spots. Minimal elevation gain. Starting on **Riverbank Trail** recommended.

Elevation: Mostly level

Length: ~1 mile

2. **“Barrier Free” Loop** (on map). Loop through a variety of habitats. Gradual slopes and elevation gain. Some narrower trails. Starting on **Creek Trails** recommended.

Elevation: ~80 ft. gain

Length: ~1.5 mile

3. **Tried-and-True Loop**. More difficult, good for all seasons: **Riverbank Trail** through **Water Garden Trails** to **Pond Lily Trail**, up **Jette Trail**, along **Lower Plateau Trail**, down **Zig-zag Trail**, and back on **Creek Trails**.

Elevation: ~200 ft. gain
